

Roll, Turn, Again

The floor is ready.
The red ball is still.

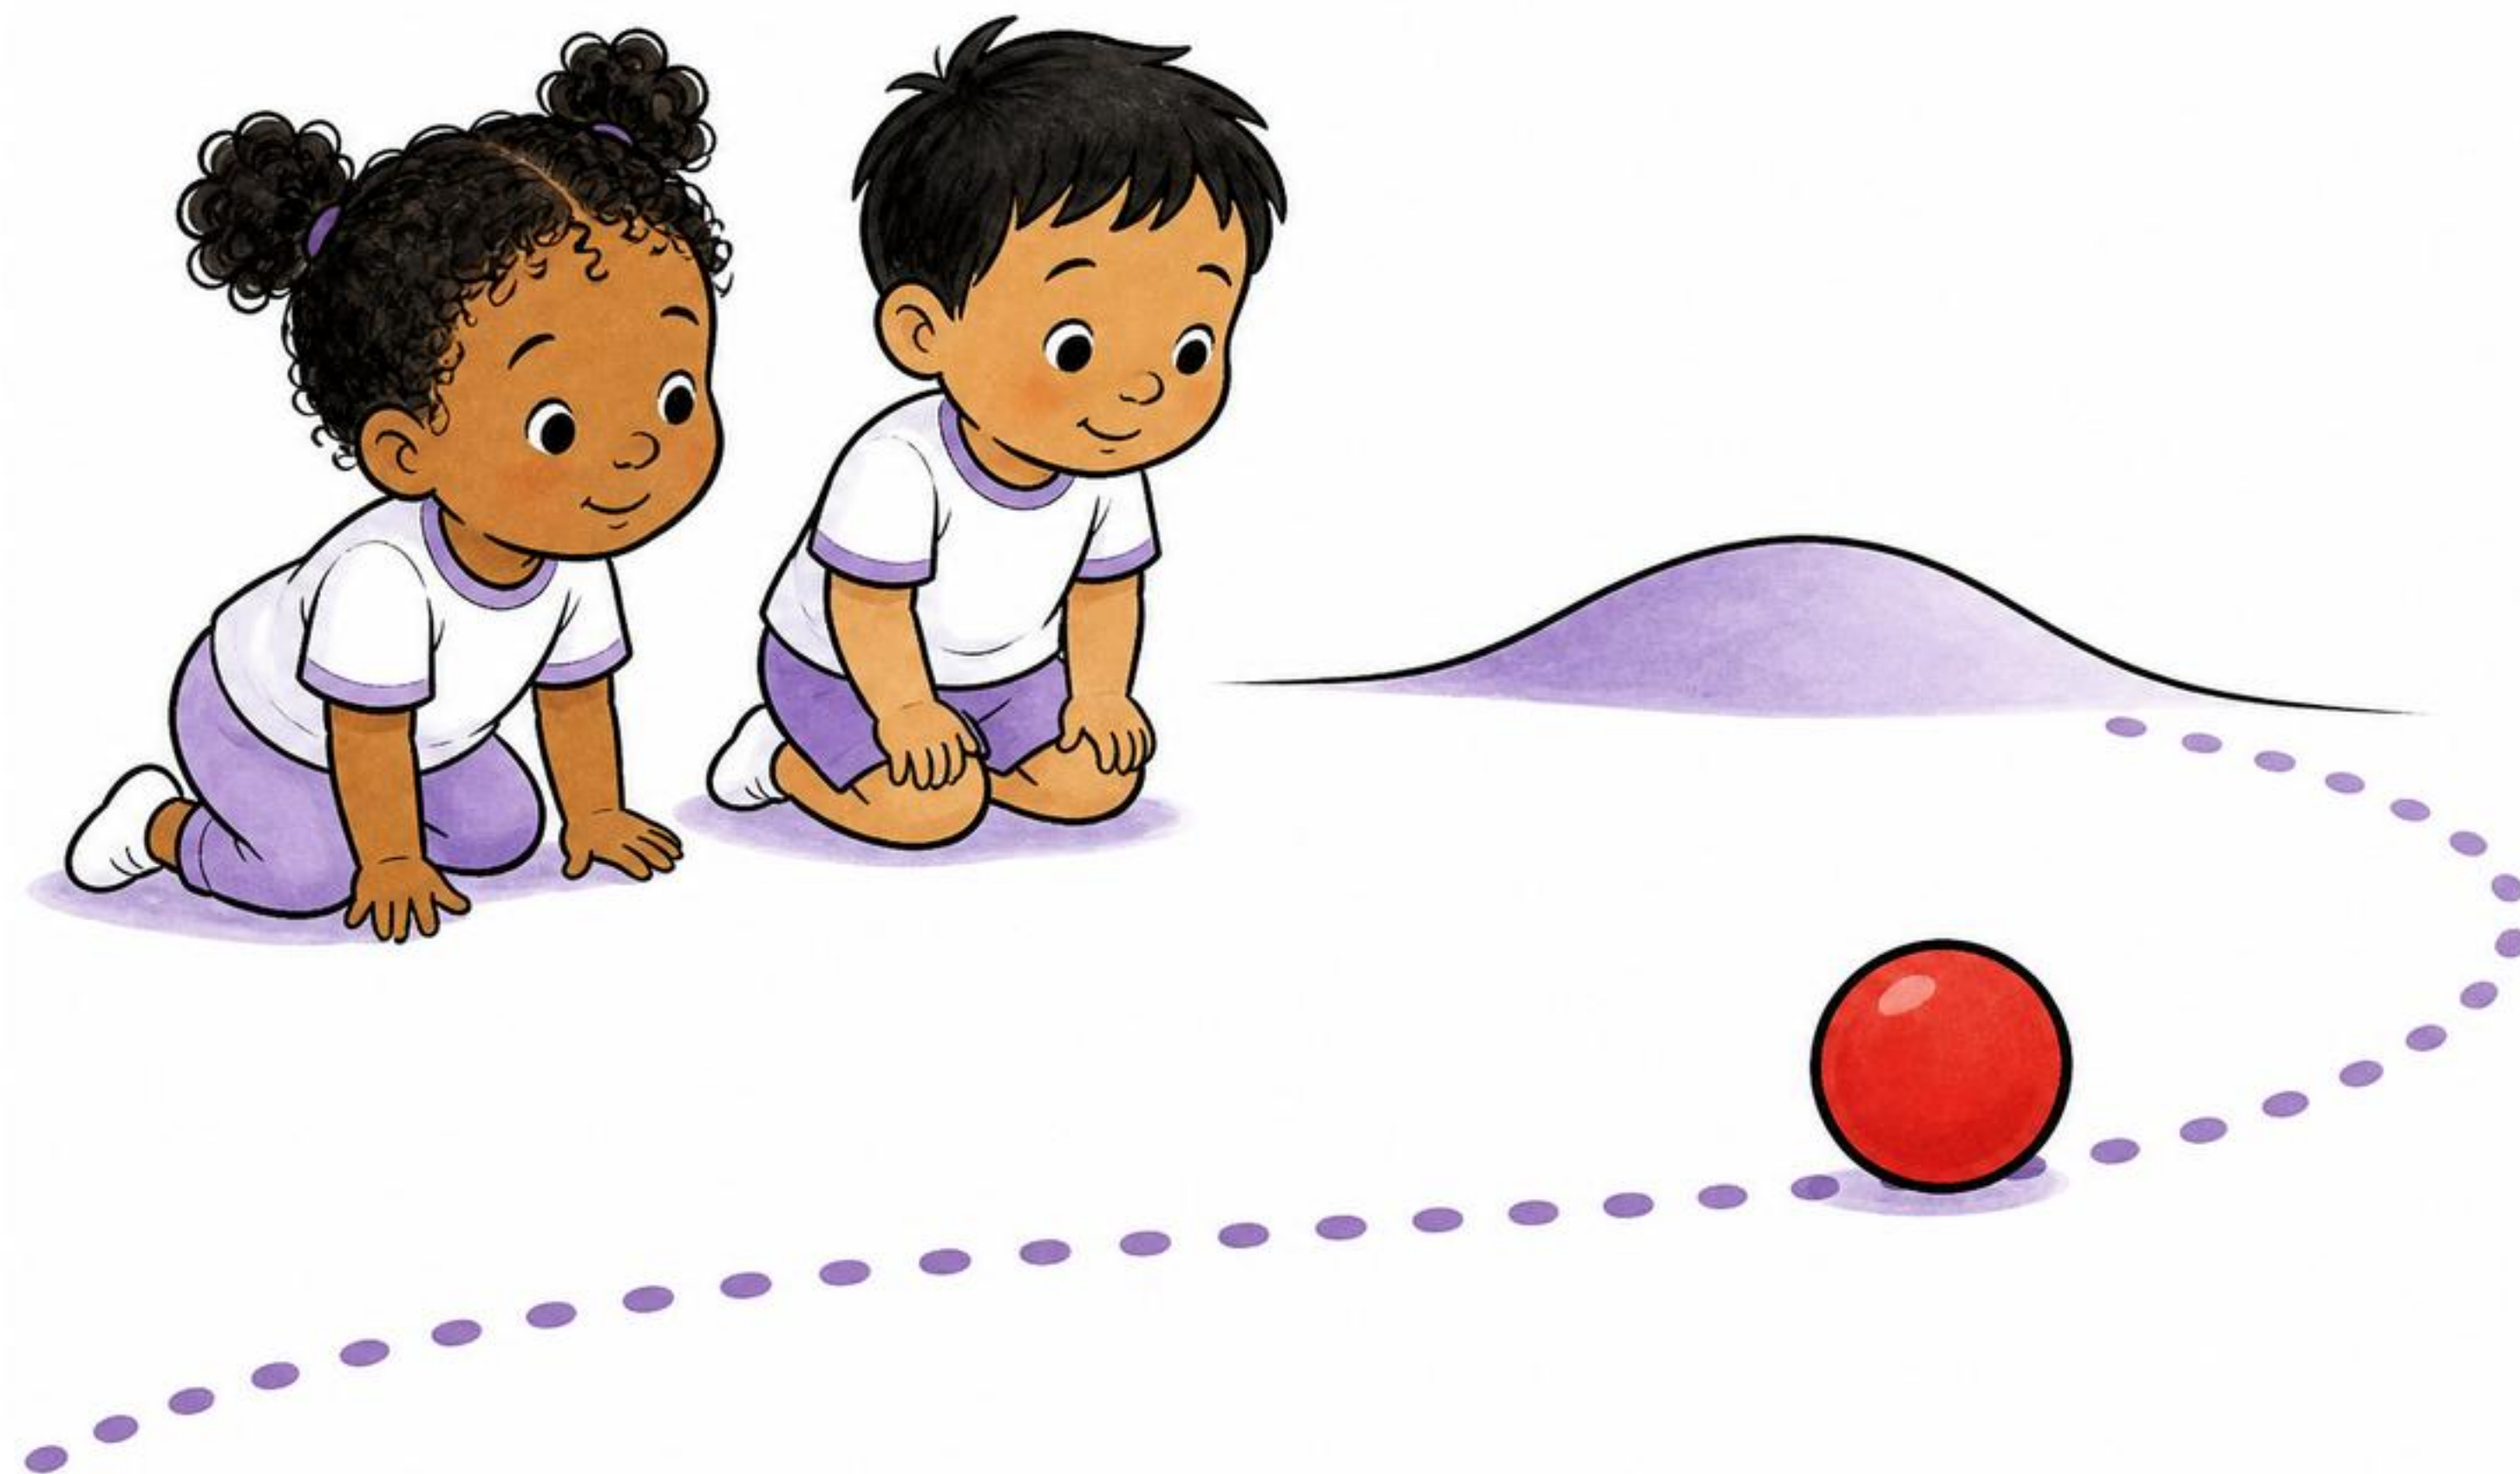

Electra gives one soft push.
Roll, ball, roll.

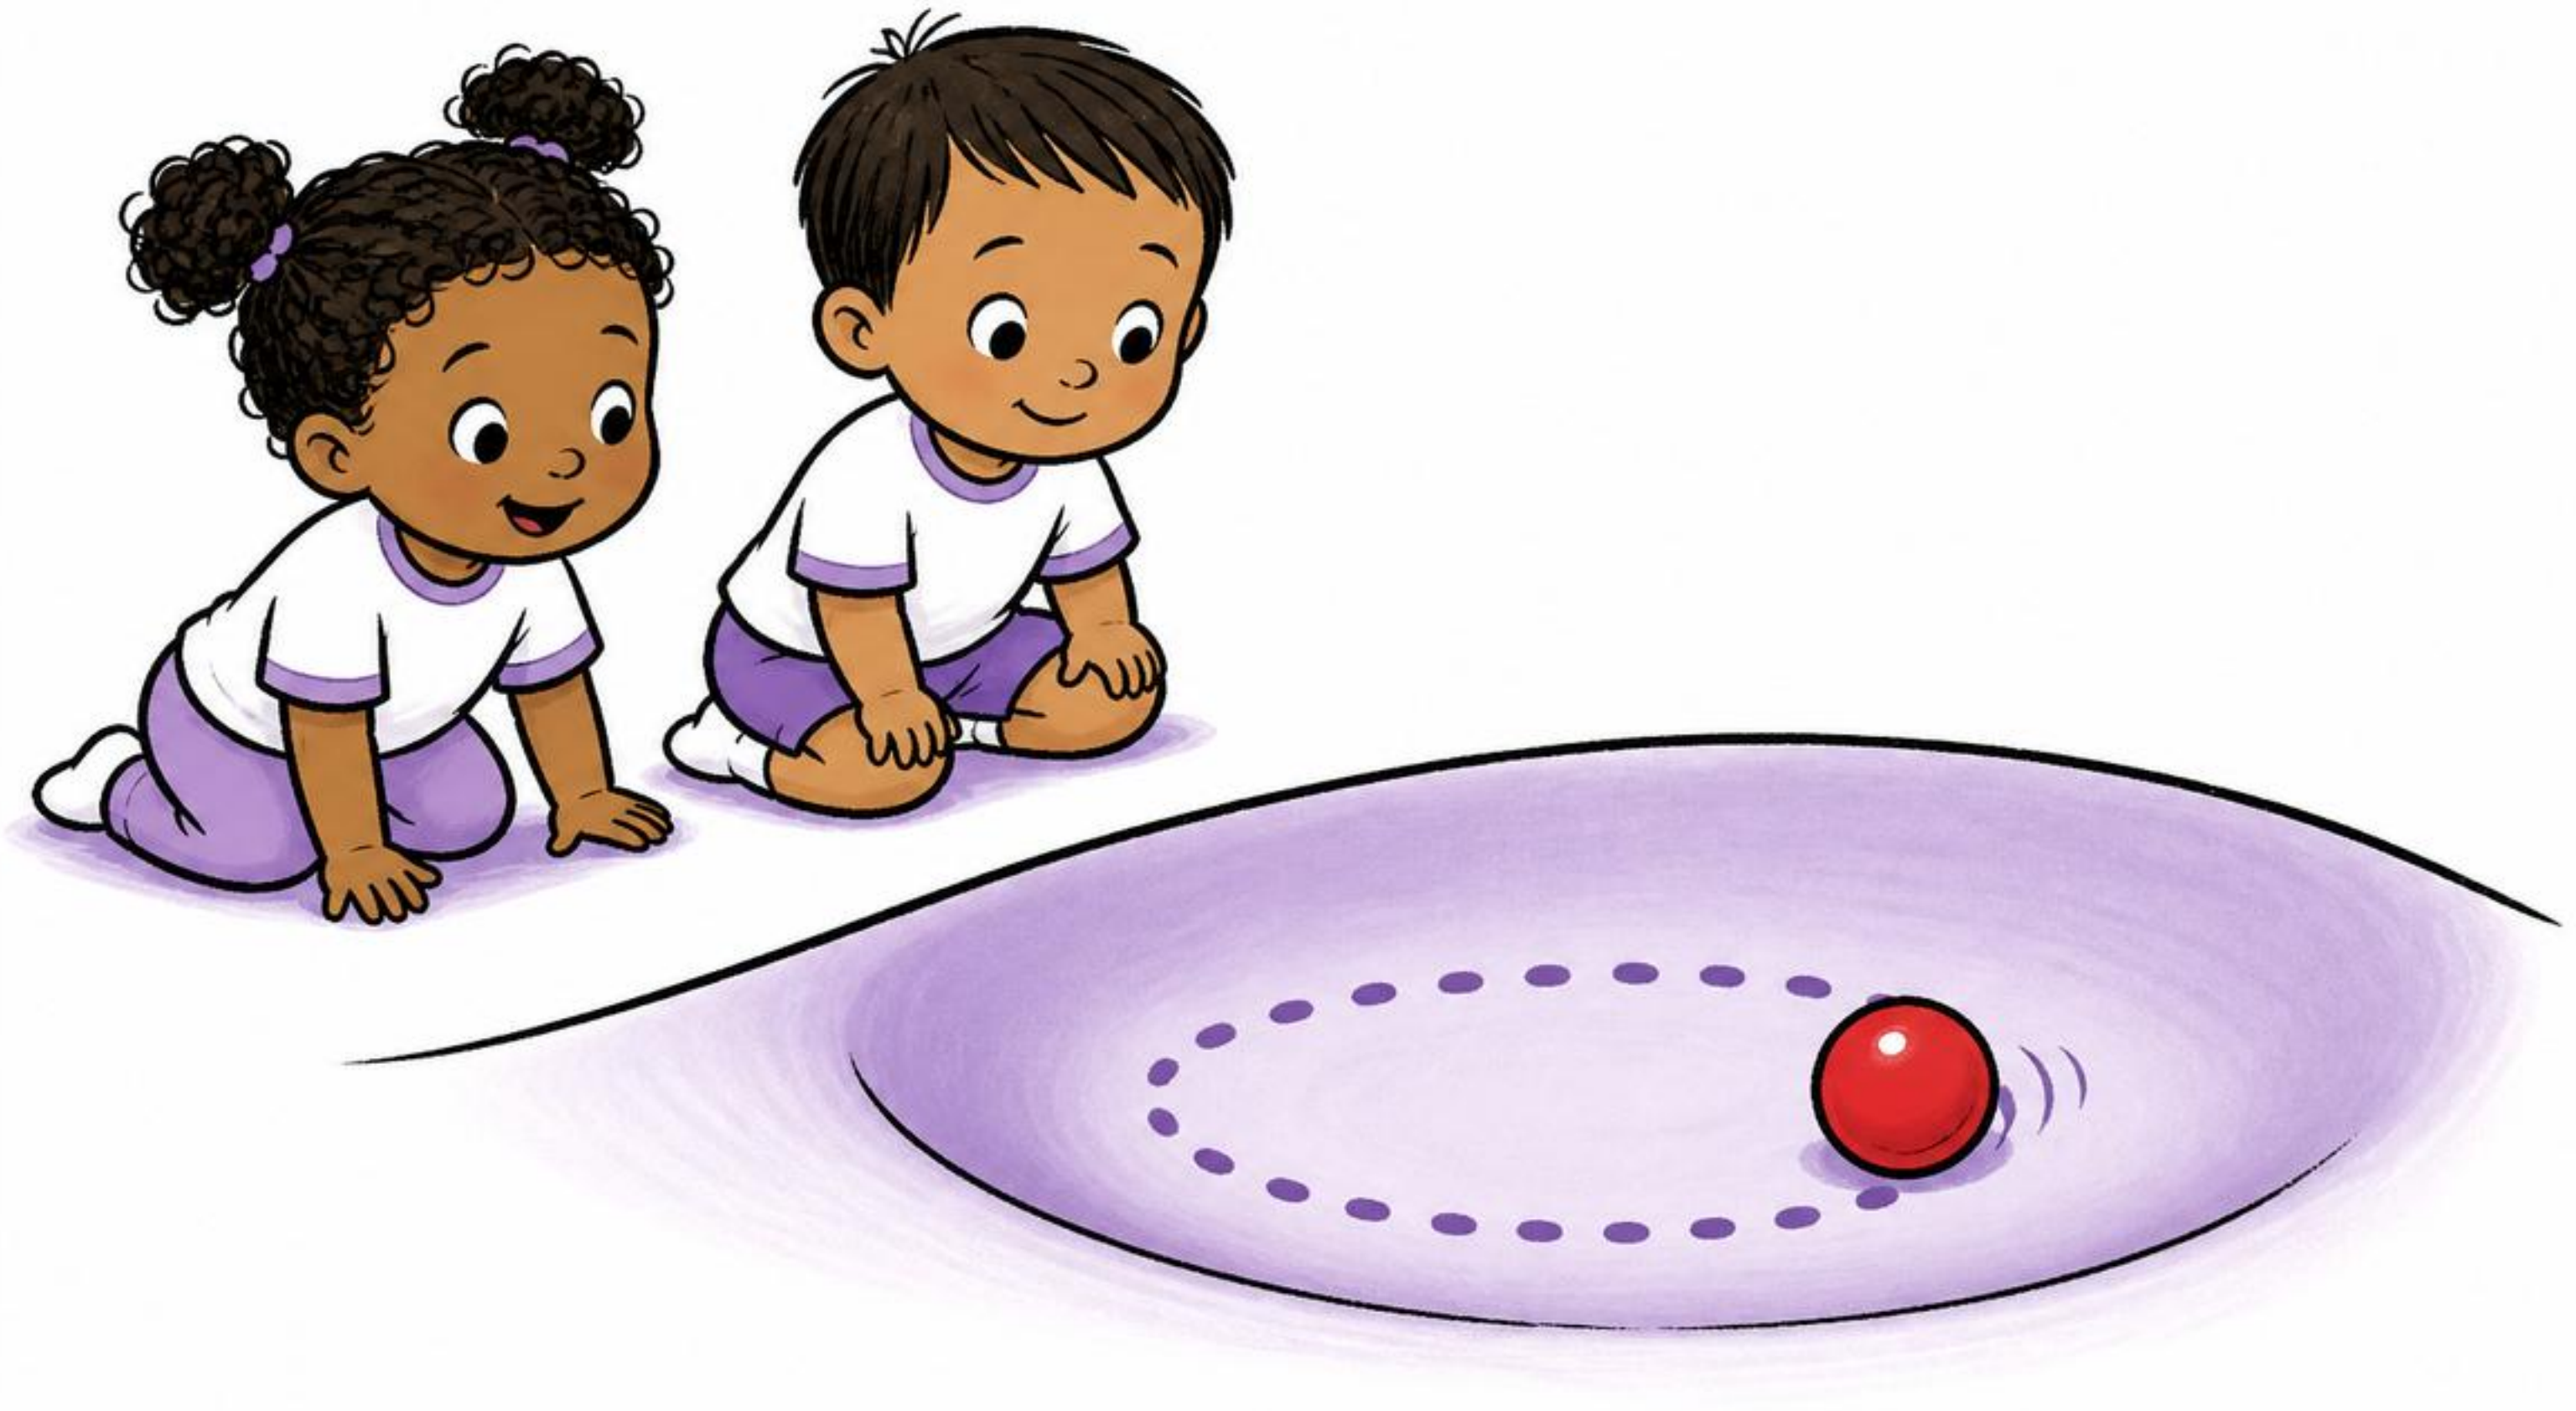

The ball does not hop.
It follows a path.

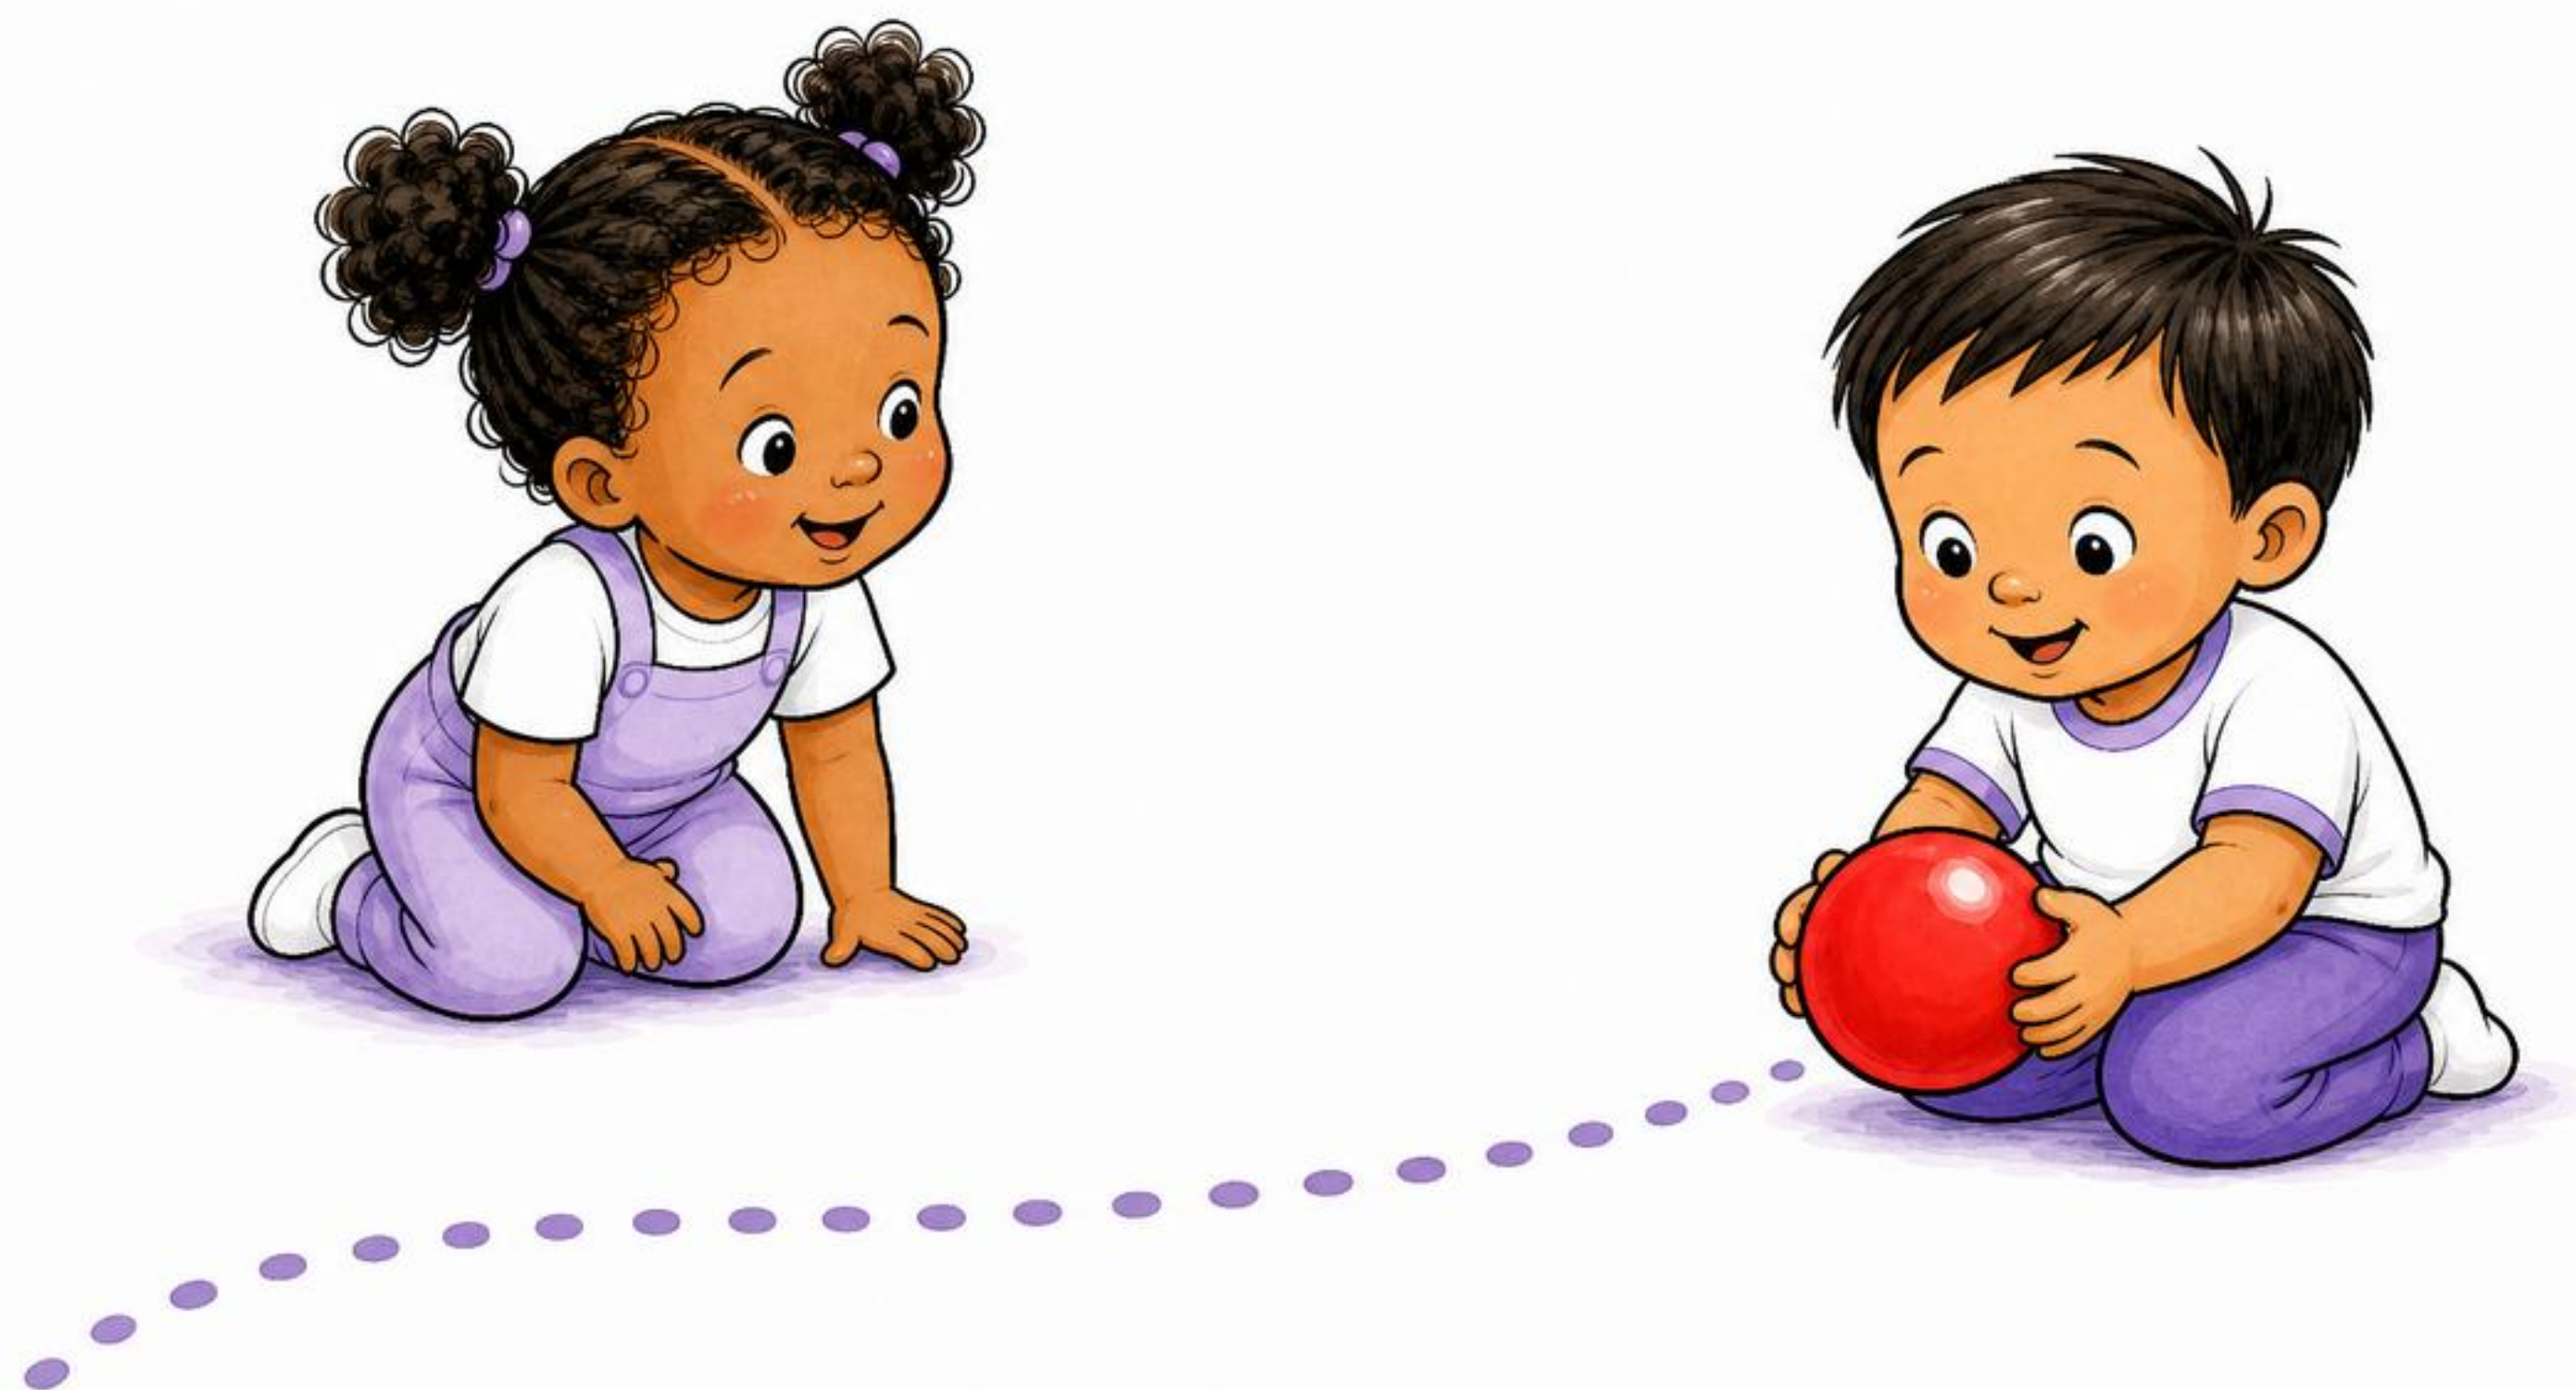

Up the little hill.
Slow, slow, slow.

The path turns.
The ball turns too.

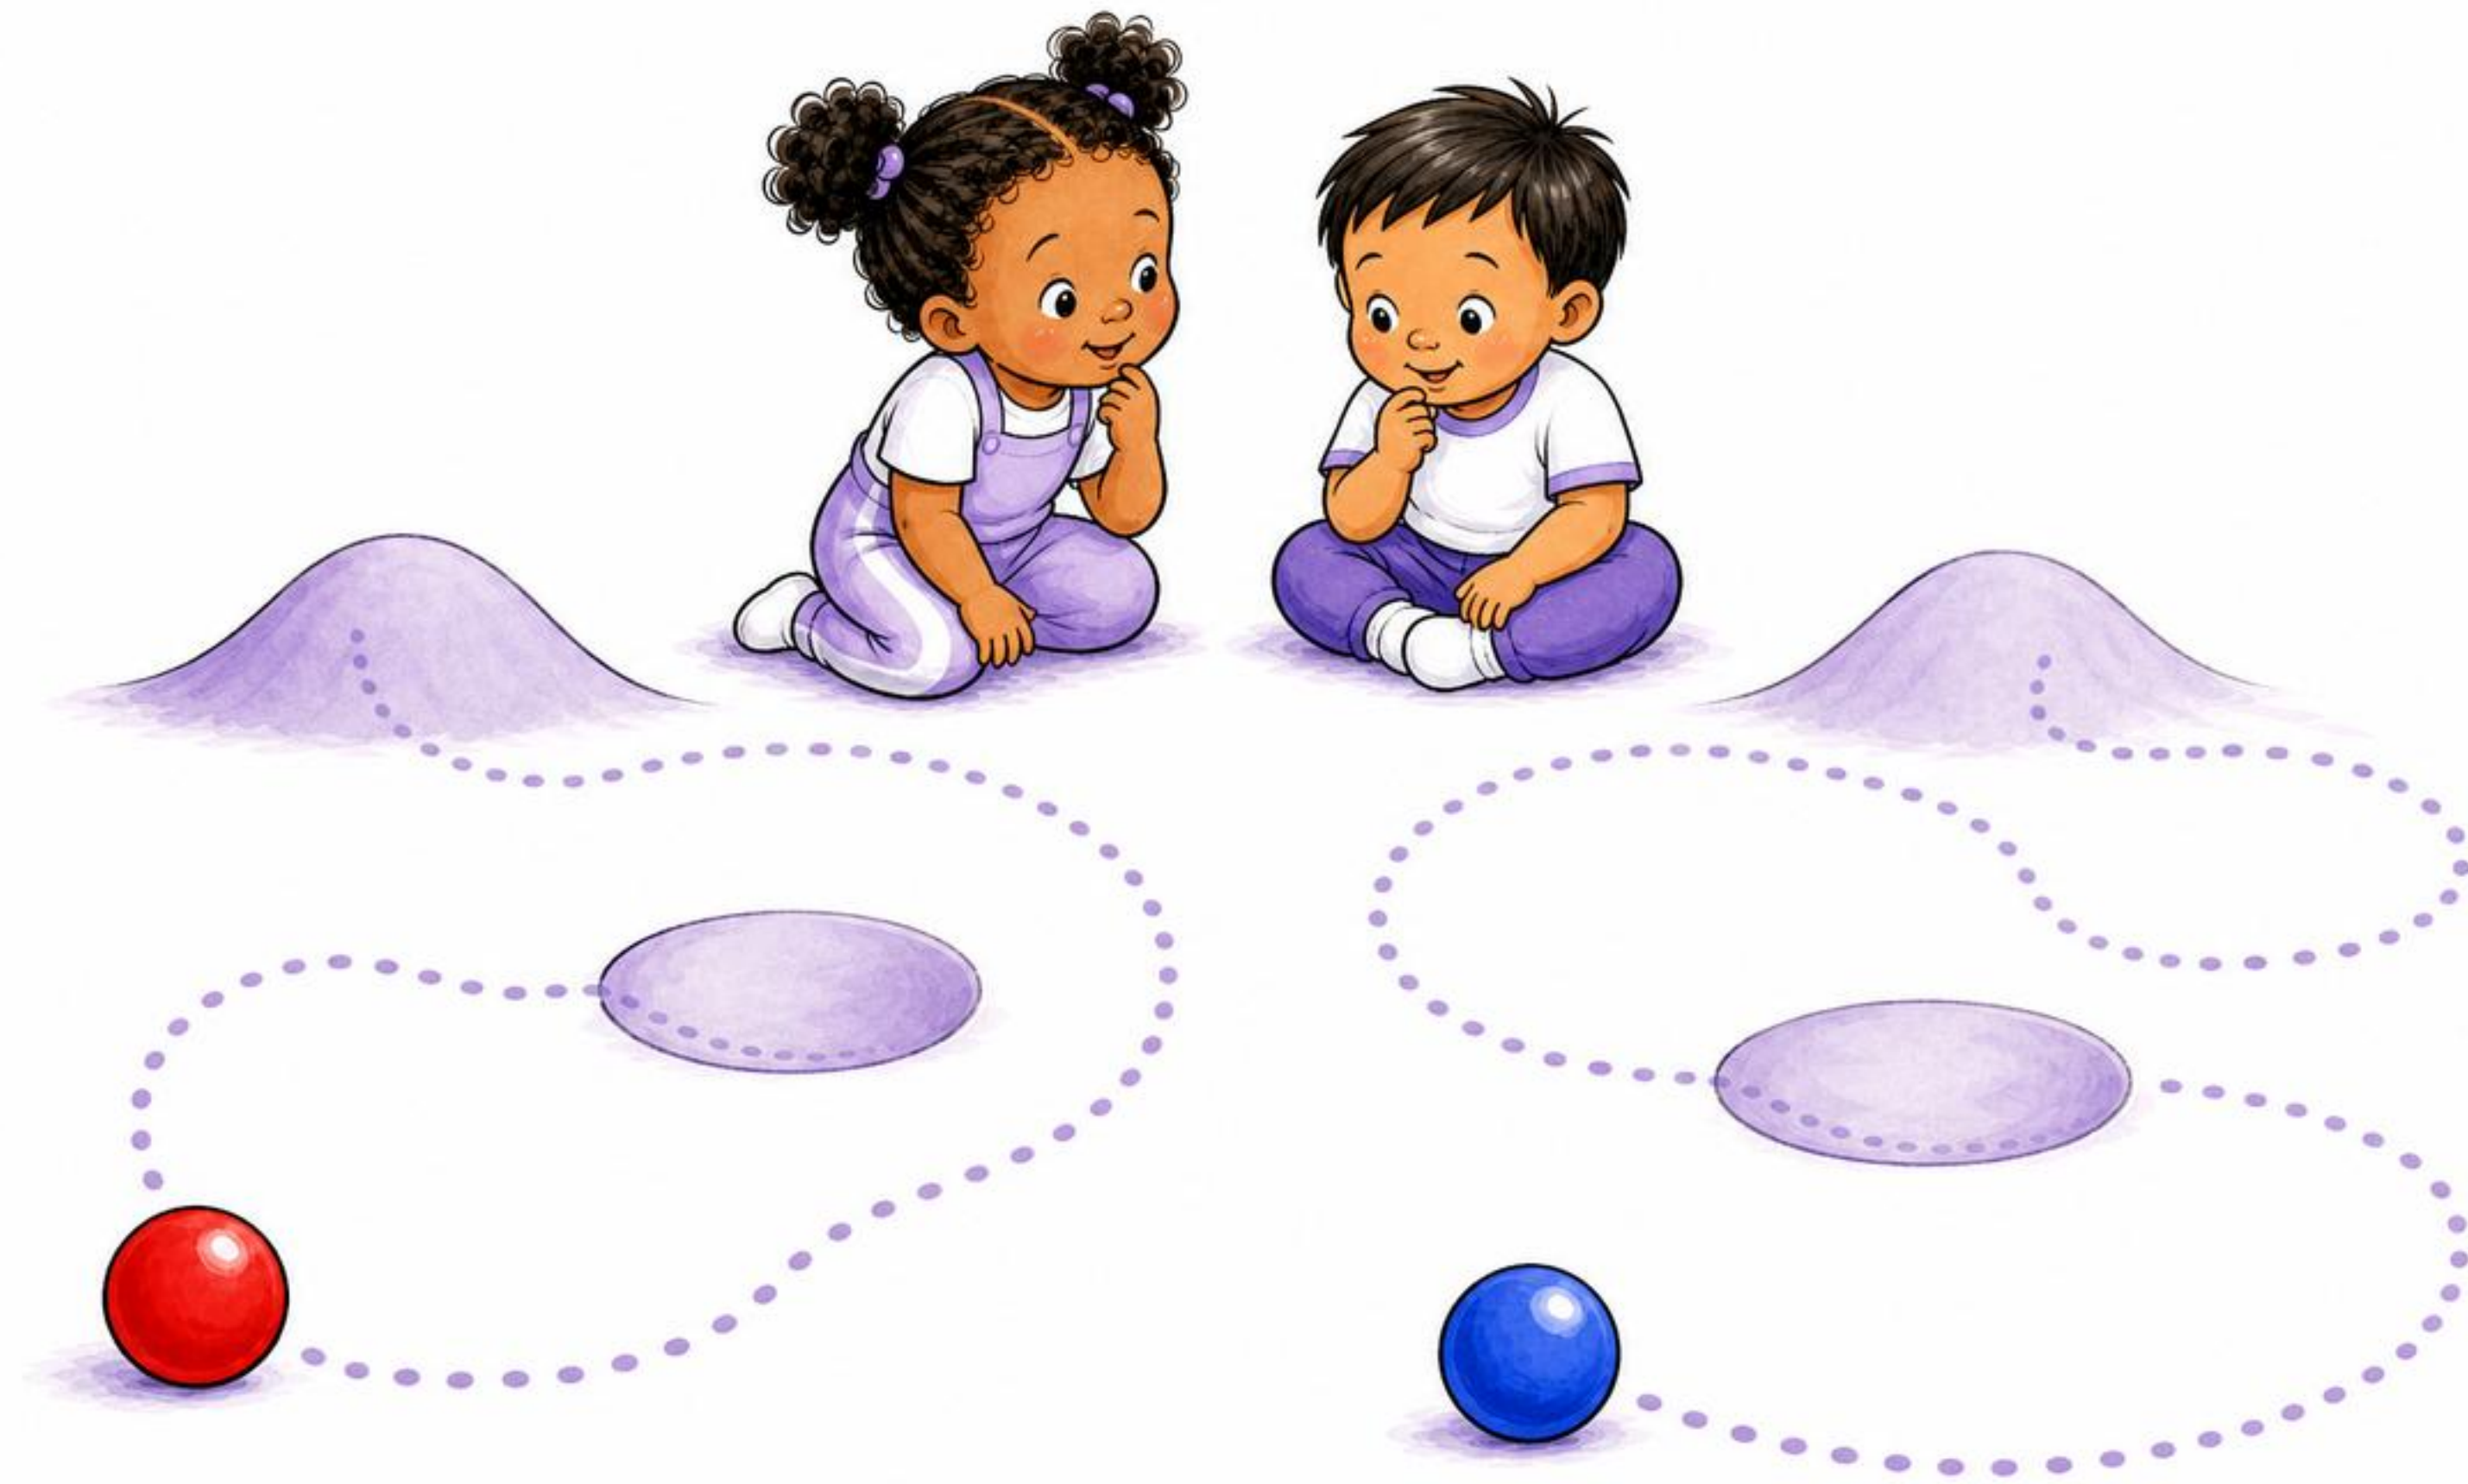

Down in the little dip.
Round and round.

Poz catches the ball.
Stop, little ball.

Now the blue ball is still.
Will it go the same way?

Red went this way.
Blue went that way.

Roll.
Turn.
Again.
We learned the path.

Roll.
Turn.
Again.
